The Econometric Society (hereinafter Society) is pleased to have the opportunity to publish your manuscript in *Econometrica*. In order that the Society as Publisher may obtain copyright protection for the contents of the Journal, it is necessary for you to execute this formal transfer to your copyright in this manuscript to the Society. The Society acknowledges the receipt of your manuscript listed above.

**CONSENT TO PUBLISH**
In consideration of the publication by the Society of the above named manuscript, the undersigned Author(s) transfer(s) exclusively to the Society all rights defined by the Copyright Law of the United States in and to the above named manuscript in its entirety, including all subsidiary rights throughout the world in any form and in any language (including all media, both now known or later developed). The rights transferred herein shall remain the property of the Society for the full duration of these rights under the Copyright Law of the United States. The Society may assign its rights under this agreement. If it should become necessary, the Author(s) agree(s) to assist the Society in registering the Copyright in the name of the Society.

The Society, in turn, grants to the Author(s) the right to republication in any book in which he or she is the author or editor and distribution in any class in which he or she is the teacher, and posting on the author(s)'s personal or their institutions website, subject only to the Author(s) giving proper credit in any book or on the copies distributed in class, or on the website, to the original publication in Econometrica.

**WARRANTY OF AUTHORSHIP**
The Author(s) warrant(s) that the above named manuscript is his or her own work of authorship and has not been previously published nor is being considered for publication elsewhere. If any parts of this manuscript (including tables or figures) are under the protection of prior copyright, the Author(s) undertake(s) to obtain permission from the copyright owner for the publication of such material by the Society. The Author(s) agree(s) to submit the written permission to the editor of *Econometrica* to whom the manuscript has been submitted.

The Author(s) also warrant(s) that this manuscript contains no material of an obscene, indecent, libelous or otherwise unlawful nature and that to the best of the Author's(s') knowledge this manuscript does not infringe the rights of others.

The Author(s) further warrant(s) that this manuscript was not written as part of his or her official duties as an employee(s) of the United States government. Since copyright protection is not available for a work of the United States government, the Author(s) agree(s) to disclose fully to the Society at the time of the signing of this agreement, the circumstances of federal employment that might invoke this bar to copyright protection of the manuscript.

The society agrees to notify the Author(s) of each request to reprint or translate all or any major portion of the Author(s) manuscript.

Please sign and date this agreement. Upload the signed agreement via your Wiley Author Services dashboard promptly and retain one copy. A manuscript for which there is no valid copyright transfer agreement cannot be published.
